Product highlights

iQ- Responding intelligently to meet your needs
Philips AVENT iQ products with advanced technology are intelligent and responsive – designed to make feeding and caring for your baby easier.

Ultra fast, multiple warming options
Simply select from a few options and the iQ technology calculates the warming time to heat your baby's feed gently and evenly.

Lets you know when feed is ready
Easy to use digital display keeps you informed

Heats safely and evenly
Feeds are heated evenly without hot spots. Automatic shut-off means no risk of overheating.
